

imagination playground connector block set™

Imagination Playground Connector Blocks is a kit of parts suitable for use in a classroom setting and a variety of indoor and outdoor sites that provide children the opportunity to engage in open-ended, free play. The Connectors introduce more advanced forms of construction activity with shapes that allow for moveable parts and more stable joints. The set of Imagination Playground Connectors consist of 17 different shapes, and are available in a vibrant shade of blue. Imagination Playground is made out of waterproof foam, the blocks are resistant to mold, mildew, corrosion, and microorganisms. Introducing breakthrough technologies, these highly durable parts can be recycled if desired; please contact Imagination Playground for more details. Lightweight durable bags sold separately.
