

imagination playground small blocks™

Imagination Playground Small Blocks™ are a set of small, foam pieces that provide children the opportunity to engage in open-ended, free play and independent play. The set of Imagination Playground Small Blocks consists of 19 different shapes, and are available in a vibrant shade of blue. Imagination Playground is made out of waterproof foam, the blocks are resistant to mold, mildew, corrosion, and microorganisms. Introducing breakthrough technologies, these highly durable parts can be recycled if desired; please contact Imagination Playground for more details.
